Diemme.

DOUBLE

Diemme Lab / 2007

The DOUBLE system sets the whole concept of modularity in a new perspective. Double armchairs, characterized by their distinctive linear design, come in two versions: one open, flaring outwards, the other closed and more contained. There is also a sofa that interlocks with the closed armchair. If combined, these pieces can create a dynamic game of diagonals that runs from the feet right up to the armrests.
