HALFPIPE

DorigoDesign / 2013

From DorigoDesign, the HALFPIPE line of executive seating consists of two different backrests combined with various bases, finishes and coverings. Thanks to its versatility, Halfpipe is suitable for all types of office areas. The plush padding offers even greater comfort. The low-backed versions sit elegantly in meeting areas; available on a 5-spur aluminum base, on a 4-blade frame with return mechanism, or on a sled base.

Executive chair: high backrest / low backrest

The executive armchair has a steel backrest and injected cold foam; the seat is in wood with polyurethane foam. The synchron mechanism assures gaslift regulation and backrest tilt, lockable in various positions, with anti-shock mechanism and bodyweight adjustment. The meeting and visitor chair has a medium-height back and comes either on a five-spur aluminium base on castors, or on a four-blade base with with swivel and return mechanism. Two kind of armrests are available: upholstered for a classic version, or in polished aluminium. The cantilever frame is chromed with fixed arms.
